

CITY HARDWARE
OUR QUALITY SPEAKS

ABOUT CITY HARDWARE

City Hardware is a trusted organization engaged in the import, manufacturing, and supply of a comprehensive range of uPVC door and window hardware solutions. Our product portfolio includes locks, handles, hinges, friction hinges, window rollers, wool piles, and a wide range of precision-engineered window accessories.

We believe that every product decision—whether for a complex project or a routine requirement—is driven by four core pillars: Capability, Capacity, Quality, and Commitment. These principles guide every aspect of our operations, from product selection & manufacturing standards to timely delivery and customer support.

Backed by a dedicated team and strong ethical business practices, we focus on building long-term partnerships rather than one-time transactions. Our consistent performance and reliability have earned us the trust of a growing and loyal customer base across the industry.

Our mission is to deliver reliable, durable, and high-performance uPVC hardware and accessories that create long-term value for our customers.
